

## USB Camera Module

### - 8MP Sony IMX219

SKU: B0196

## 1. Introduction

### ■ About Arducam

Arducam is a professional designer and manufacturer of SPI, MIPI, DVP and USB cameras since 2012. We also offer customized turnkey design and manufacturing solution services for customers who want their products to be unique.

### ■ About this USB Camera

The B0196 is a new member of the Arducam's USB camera family. It's an 8MP, UVC compliant, USB 2.0 camera. This USB camera is based on 1/4" Sony IMX219 image sensor, and you can learn more about its specs in the next chapter. Arducam also provides the sample application that demonstrates some features of this camera.

### ■ About UVC

The B0196 is a UVC-compliant camera. The native UVC drivers of Windows, Linux and Mac shall be compatible with this camera so that it does not require extra drivers to be installed.

### ■ About Customer Service

If you need our help or want to customize other models of USB cameras, feel free to contact us at [support@arducam.com](mailto:support@arducam.com)

## 2. Specifications
